Voluntary Early Retirement to be offered to carriers and clerks in select locations

In a move to further right-size complement levels to better match workload, the Pacific Area is offering a voluntary early retirement (VER) to carriers and clerks working at select impacted sites and at non-impacted offices within a 50-mile radius of the impacted sites.

VER offer sites and timelines will be announced when the information becomes available.

These changes are part of the Pacific Area efforts to streamline operations, increase efficiencies and reduce costs in support of the Postal Service's action plan to ensure a strong, viable organization now and in the future.

For more information, contact your district Human Resources office.
